

FOR IMMEDIATE RELEASE

Dream Report – WINNER of 2020 Engineers’ Choice Award

February 5, 2020 – Ocean Data Systems (ODS), the market leader in industrial reports and dashboards, announced that Dream Report has been selected as a winner in the 2020 Control Engineering Magazine “Engineers’ Choice Awards” program for the third year in a row.

Dream Report has won the category **Software – Asset Management - Reporting** and will be mentioned in the February issue, online, and in Control Engineering e-newsletters. Dream Report also has a history of two Honorable Mentions - 2015 and 2016, in addition to winning the category in 2018, 2019 and again now, 2020.

“We believe this to be the most prestigious award in our industry,” explained Roy Kok, VP Sales and Marketing for Ocean Data Systems. “We are very proud to have won this category in 2018, 2019 and now 2020. Once is luck, twice - coincidence, but three times is a trend to be very proud of. We continue to make major enhancements to Dream Report, optimally addressing every vertical market and we are furthering our relationships with market leading automation vendors. We believe Dream Report delivers immense value and is a solution that should be part of every application. Thank you to all our customers, system integration partners and OEMs for selecting Dream Report and making this award possible.”

About Ocean Data Systems

Founded in 2004, Ocean Data Systems develops software solutions for industrial compliance and performance; reports, dashboards, and ad-hoc analysis and troubleshooting. The product, Dream Report, is the leading “purpose built” solution for the automation industry and the “Internet of Things (IOT).” Dream Report delivers both local and Internet connectivity to all major HMI/SCADA, Historian and business data sources through either proprietary or industry standard drivers. Dream Report’s markets include process, hybrid and discrete; with special functionality for Life Sciences (Pharmaceutical and Biotech), Water, Wastewater, Heat Treat, Building Automation, Energy Management and Manufacturing Operations.
