

FOR IMMEDIATE RELEASE

Dream Report Added to Rockwell Automation Encompass™ Program

December 7, 2017 – Ocean Data Systems (ODS), the market leader for industrial automation reports and dashboards, announced that Dream Report is now a reference product in the Rockwell Automation Encompass™ Program.

Ocean Data Systems is now an Encompass Product Partner and Dream Report is a reference product in the program under the category of “Software Product – Report Generation”. Dream Report currently supports Rockwell Automation software products through both proprietary and industry standard interfaces. These interfaces include; a driver for the legacy RSView® History Data, OPC DA for real-time connectivity, OPC HDA for history data connectivity, and an OSI PI drivers for history data. Additional developments are underway to deliver even tighter integration. Through Encompass Product Partners, customers can quickly locate complementary products, now including Dream Report, that best solve application challenges. These products are critical components or connectivity solutions that extend and enhance Rockwell Automation installations. [Access Encompass Products](#)

“It is an honor to become a member of the Encompass Program,” explained Alex Mazal, President of Ocean Data Systems. “We will be developing direct relationships with Rockwell Automation sales channels and will be supporting them in their use of Dream Report with Rockwell Automation products.”

“Dream Report is a comprehensive out-of-the-box package that is a great fit for FactoryTalk View® Site Edition applications that require reporting,” says Sharon M. Billi-Duran, Product Manager, Visualization Software at Rockwell Automation. “We look forward to seeing Dream Report as an additional reporting option for our customers, in all vertical markets.”

About Ocean Data Systems

Founded in 2004, Ocean Data Systems develops software solutions for industrial compliance and performance; reports, dashboards and ad-hoc analysis and troubleshooting. The product, Dream Report, is the leading “purpose built,” user friendly and programming free reporting solution for industry and the “Internet of Things (IOT).” Dream Report delivers both local and Internet connectivity to all major HMI/SCADA, Historian and business data sources through a wide set of either proprietary or industry standard drivers. Dream Report’s markets include process, hybrid and discrete; with special functionality for Life Sciences (Pharmaceutical and Biotech), Water, Wastewater, Heat Treat, Building Automation, Energy Management and Manufacturing Operations. www.DreamReport.net
